A large, multi-masted sailing ship, likely a schooner or ketch, is seen from a high-angle perspective on a bright blue sea. The ship has several masts with horizontal spinnaker poles. The sails are mostly white, with some blue and red accents. A small red and white flag is visible at the top of the mainmast. The water is shimmering with sunlight. In the bottom right corner, a small, dark, circular object, possibly a lifebuoy or a small boat, is visible on the water's surface.
